DEAR BILL,

WAS PLEASED TO RECEIVE YOUR RECEPTION REPORT OF WVLK ON 11/28/93 AND 11/30/93. I WAS EVEN MORE SURPRISED TO GET A TAPE OF OUR SIGNAL. I'VE HAD MANY DX REPORTS IN 30 YEARS OF BROADCASTING AND ONLY A HANDFUL OF TAPES TO VERIFY RECEPTION.

I HAVE INCLUDED CHARTS OF WVLK DAY & NIGHT PATTERNS. YOUR RECEPTION WAS WITH DAY PATTERN OF 5KW USING 2 300' TOWERS. AT NIGHT WE USE 4 300' TOWERS AT 1KW.

OUR STUDIOS ARE DOWNTOWN LEXINGTON WITH STL TO TRANSMITTER SITE 7 MILES AWAY. THE MAIN TRANSMITTER IS A SOLID STATE HARRIS SX-5A.

I WISH YOU CONTINUED SUCCESS IN YOUR HOBBY.

SINCERELY,

Tom Devine
